# Consider Participation in a Clinical Trial

## Why should I participate in a clinical trial?

- **Help researchers** uncover better ways to prevent, diagnose, treat and understand cancer.
- **Clinical trials provide access to treatments** which are otherwise unavailable.

**Ask your doctor if there is a clinical trial that is right for you.**

For more information contact the Clinical Trials office at 204 787 4156 or visit [www.cancercare.mb.ca](http://www.cancercare.mb.ca) to view a list of clinical trials offered at CCMB.
