

# BIG CANCER HOOK-UP 2019

JOIN US ON JANUARY 26  
FOR A MIND-BLOWING, NATIONAL EVENT

Young adults affected by cancer feel isolated, but they're not alone. We'll prove it with the Big Cancer Hook-up, a webcast showcasing your cancer peers and their real-life cancer stories!

We'll broadcast live to a computer/laptop/tablet/cell phone near you, and anyone diagnosed between the ages of 15-39 and currently between 18-39 is invited to participate in a local meet up in one of our host cities!

Register online or contact
