

HEMATOLOGIST

The Department of Medical Oncology and Hematology, CancerCare Manitoba (CCMB), in conjunction with Shared Health; and, the Section of Hematology/Oncology, Department of Internal Medicine, Max Rady College of Medicine, Rady Faculty of Health Sciences, University of Manitoba (U of M), are seeking applications for a Geographical Full-Time position of Hematologist. The successful candidate will have their hematology practice based in the community out of the Western Manitoba Cancer Centre in Brandon, Manitoba.

The Department of Medical Oncology and Hematology and the Section of Hematology/Oncology, consists of 43 faculty members based at three CCMB sites. The group operates active clinical and basic science research programs in medical oncology, quality of life in cancer, health services research and cancer epidemiology. We offer unique opportunities to develop new and innovative clinical and/or basic research directly or in collaboration with the Research Institute in Oncology and Hematology, CCMB.

The successful candidate will be expected to provide high quality care to patients with primarily benign and some malignant hematologic disorders in a community-based setting as part of a multidisciplinary team. They will be expected to participate in the teaching programs of CCMB and the U of M, and to collaborate in hematology-related research programs.

Qualifications: Candidates must have specialty qualifications in Internal Medicine and Hematology in the country of current practice and must be eligible for registration with the College of Physicians and Surgeons of Manitoba. Certification in Hematology by the Royal College of Physicians and Surgeons of Canada is preferred

This is a University of Manitoba academic appointment. Salary and rank will be commensurate with experience and qualifications. Competitive salaries and excellent benefits packages are offered. All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.

Interested candidates are encouraged to submit a letter of interest, which should include a description of research interests and experience, and current curriculum vitae to:
