Manitoba Breast Prosthesis Program

Did you know...?

After a mastectomy, it is recommended that the surgery site has had time to heal before wearing a breast prosthesis and bra.

Some women take more time to heal than others. If you are unsure if you are healed enough, talk to your surgeon or health care provider.

A lightweight, soft cotton filled temporary prosthesis can be worn while you are healing. These are available at no cost by calling the **Canadian Cancer Society: 204-774-7483 or 1-888-532-6982.**

Some women feel lopsided (lean to one side) with only having one breast. If the lost breast weight is not replaced, some women may experience back, neck and shoulder pain, and balance problems.

Wearing a properly fitted breast prosthesis and bra can help a woman:

- feel more balanced;
- improve her posture; and
- make her clothes fit better.

The Manitoba Breast Prosthesis Program

Who is eligible?

Women are eligible if they:

- are Manitoba residents;
- have had a single or double mastectomy; and
- do not have the costs paid through other provincial or federal programs.

Is there a cost to the eligible woman?

When choosing products that are under or equal to the benefit amount, the eligible woman does not pay. The Manitoba Breast Prosthesis Program will pay the Approved Retail Supplier directly.

If an eligible woman chooses a product that is over the benefit amount, she would pay the extra cost herself directly to the Approved Retail Supplier.

What are the Options?

An eligible woman may choose:

Option 1:

A benefit every **two** years of:

- a. Up to \$400 for one prosthesis for a single mastectomy; or
- b. Up to \$400 per prosthesis for a total of two prostheses for a double mastectomy; and
- c. Up to fifty dollars (\$50) for one bra.

or

Option 2:

A benefit every **four** years of:

- a. Up to \$800 for one prosthesis for a single mastectomy; or
- b. Up to \$800 per prosthesis to a total of two prostheses for a double mastectomy; and,
- c. Up to one hundred dollars (\$100) for one bra.

All prostheses and bras must be obtained through a Manitoba Breast Prosthesis Program Approved Retail Supplier. See the back of this brochure for a listing of these suppliers.

What to do...

Step 1: Get a prescription

Prescriptions may be written by a surgeon, physician or nurse practitioner in Manitoba.

Step 2: Choose an Approved Retail Supplier and a program option.

Each Approved Retail Supplier may carry different types of products.

Prostheses:

- come in different styles, sizes and shapes.
- can be worn in a bra with a pocket while others can stick directly onto the skin.
- can be ready-to-wear off the shelf or custom-made.

Step 3: Call the Approved Retail Supplier to make an appointment.

The Approved Retail Supplier will:

- check to see if you are eligible for a prosthesis through the Manitoba Breast Prosthesis Program. This can only be done during regular business hours Monday to Friday.
- make an appointment for a time when a certified fitter is available.
- fit you with a prosthesis and bra.
