

Information for Health Care Providers on COVID-19

By CCMB Communications and Public Affairs

Tue May 19 16:00:00 CDT 2020

CCMB Navigation Services - Contact Information

May 28, 2020: CCMB Navigation Services phone and fax lines have been restored.

Diagnostic Imaging

May 4, 2020: Cancer patients are and continue to be a priority for Diagnostic Imaging during this pandemic period. Therefore, no cancellations of appointments have been made by Diagnostic Services. However, some cancer patients have chosen to cancel Diagnostic appointments on their own. These cancellations are being communicated by Diagnostics to the referring physicians.

It is the responsibility of the physician who initially requested the diagnostic imaging investigation (oncologist or primary care physician) to ensure these investigations are rescheduled and carried out in a timely manner for the patient's care to continue.

Please review the following documents on Covid-19 regarding cancer patients:
