

## Notice Regarding Seven Oaks General Hospital CancerCare Site

*By CCMB Communications and Public Affairs*

March 20, 2020 3:50 PM

For the next four weeks, CancerCare Manitoba will consolidate two of our cancer clinics to offer services out of one location.

**Our cancer clinic services which are currently offered at Seven Oaks General Hospital will now be delivered out of the Victoria General Hospital Cancer Clinic.**

Our clinical teams will contact patients and provide additional information.

Visits that can be completed virtually or by phone will continue to be managed in that way. Patients requiring treatment will receive it at CancerCare Manitoba's various cancer clinics.

Thank you.
